

African Safari

Migration Tour Kenya and Tanzania

Imagine witnessing the great annual migration of millions of Wildebeest, Zebras, and Gazelle, with your own eyes and not through the lens of someone else's camera. We'll take you off the beaten track on game drives as the brilliant African sun rises over the horizon, and again as the sun sets and plays out in wondrous colours. The "Big Five" animals of Africa are found: the lion, leopard, buffalo, rhinoceros, and elephant, along with many other significant populations of reptiles and birds

Join us on February 7th
 From 7-9 pm
 at Captain Sandy's
